“ *Mothers are faithful companions and confidants even in the most difficult times. Mothers dedicate their lives to caring and providing for their children both physically and emotionally. They always seem to know how to help them to overcome problems and thrive in spite of them*

We are deeply pained and words are of no help in expressing the sorrow we feel at this moment. The heart that your mother had for others is a rare gift to the many people who had the privilege to know her and be blessed by her. Please accept our sincere condolences and continued prayers.
