“ For as long as I can remember you were caring and kind. I have always appreciated how you looked out for my Granny by checking on her daily and being about of our family as well as inviting our family into yours. You are truly heaven sent.

To Karvenia, Jade and LaDonna, I love you all and I pray for your comfort and hope that you all remain close and there in those times that you miss your mother the most. Her and my grandmother were so similar and I just hope she knew how much she meant to everyone.
