“ Auntie Bonnie was actually my cousin but acted as an aunt, very sweet and outgoing. I know most will look at this as a bad thing, but I'm actually jealous. She got her wings. She don't have to suffer, cry, fight or pain anymore. She endure no more broken hearts. She was a fighter(literally) 😊 but passionate and as my mother would say, small but mighty. We will meet again on the other side. Family remember a family that pray together will stay together. God is God and you can call on him at anytime day or night he's listening.

“ Where do I start. Well most people that know Bonnie, knew me and know we go way back to junior high. Her family became my family. She went to her heavenly home with secrets only me, her and God knew about. The things we did growing up. My sister will be truly missed.

“ Aunt Bonnie what can I say that won't be said or felt by many others. When I came into the family you welcomed me and the kids with open arms. You were always kind and welcoming and made me feel at home with family. We all loved spending time with you laughing and crap talking and I thank you for always lending an ear and the advice you gave. I'm sorry we haven't spoke in sometime but know you will always be loved, honored, and remembered me and the kids love you and glad you are at peace but selfishly wishing you where still here. Hug everyone for us and till we meet again love you and rest peacefully
