“ Brenda was such a wonderful person to be around. Even though we were many years apart in age, I considered her as one of my best friends. We shared so many great memories together and she will always hold a special place in my heart. I called Brenda Monday night and her phone rang, but no answer. That was very strange to me, because I knew she had to work the following day and she never have her phone on the night before she has to work. I immediately knew something was wrong. I didn't get to tell her goodbye and she was my best friend. I Love you Brenda and I wish your family the Best.
