“ My sweet, precious angel. I am so heartbroken 💔😭 and empty right now and at a loss for words. Your sudden departure has left me with this everlasting pain that I'm not sure that time can heal. A piece of me left with you and it's taking everything in me to get up to face another day. My heart is so heavy and aches with each passing moment. I would give anything in this world just to have you come back to me. Although I know that you are in a better place, I'm having a hard time accepting all of this. It feels like a nightmare that I'll never wake up from. I will forever cherish the memories that I have of you and will always hold them dear to my heart ❤️ Please watch over me and when it feels like I can't go on, please shine your bright light down from heaven and let me know that I'll be alright. Rest up baby girl. Mommy loves you!!!!!!!!!!!! ☐☐☐❤❤❤💕💕🙏🙏

Rest In Peace bri I've known you since you was a little baby. Even as a baby you had the brightest cutest smile with the prettiest red hair. It's still so unbelievable your no longer here. Get your beauty sleep and continue to watch over your baby boy, sisters, brothers, granny and mother. You will truly be missed beautiful.
