“ Hello baby girl, I'm so sorry for what happened. I read the letter to dave from you. I wish you would have talked to me about it! Its all said and done now, and non of us can undo the dammage that has been done. A few days ago was christmas, and it just didn't seem the same without you. My heart aches daily for you! I know deep down we will meet again and when the time comes your momma is going to grab you up and give you the biggest hug and kiss ever! “ Your death came as a complete & utter shock to me. I can't believe that you're gone. I'm so very sorry that I wasn't there for you, sweet Britny. My heart is broken. I remember when I saw you last & you drew two pictures for me, I still have them in frames & hanging in my home. I don't think that you knew it but I love you & your brothers so much. I will miss you terribly sweet Britny. My next trip back home will not be the same. I had planned to try to visit you even tho your mom & dad broke up. I'm still coming home for a visit soon & I will visit you at your grave side & then I will tell you everything that I want to say. Your death truly breaks my heart. I didn't know that you were in trouble. I would have reached out to you. I'm so sorry sweet Britny. I'll always love you & I will never forget you. Rest in peace sweet child. Look for my daughter in heaven, her name is Dolores & she is your cousin. I love you sweet Britny. Until we meet again, chase the beautiful butterflies in heaven.....
