“ *My family (Hayes) lived directly next door to the Stewart family. Mr and Mrs Stewart also took care and watched over me if my parents weren't home. So I was raised up along with their children. Terry was a big brother to me for many years. There are many stories to share. Terry its been awhile since we chit chatted but know I will miss and love you as my brother*

“ Terry is the first of Stewart brothers namesakes to transition. A great smile, laugh and perpetual mischief in his eyes. Terry and Andy gave me my initiation to my cousins with the rite of passage putting me in the oil pit in the garage and I still loved my big cousin. Never had a cross word. Terry lived his life on his own terms from the window to the wall. Shawn he loved you and you loved him unconditionally. My prayers go out our family. No more suffering. Blessings.

“ *Charles Stewart*

Cousin. It always saddens to know a family member has transitioned. Family is like a precious jewel; for they are the mother, father, aunts, uncles, sister and brother's children, of those we cherish and love so dearly.

Terry (Charles), you are my mother's brother, Uncle Charles' son. We come from a family of closeness. Though we may be miles and years apart. The love we have for one another is as fresh as morning dew. Any tear, sorrow and pain; the same goes for joy and happiness; from any one of us, is felt by all. After all we are made up of the same DNA.

We know peace is sometimes in the arms of death; yet we will mourn your departing, because of ties, love and care for you and family.

Rest well my cousin.

“ My condolences and prayers of comfort to Shunna and the entire family !! I know and believe that Terry is now at complete peace that doesn't come about during our lives in our human bodies. He will always have his laugh, his humor, but most of all his family and friends. Each of you take that and keep going on !! 🙏
