“ Sending my heartfelt condolences to the entire family, especially Denise. We shared so many fun memories together, and I always thought of you two as more like twins than siblings. My heart truly aches for you. I'll always remember Darrin as a genuinely good guy.

“ Darren had a hilarious sense of humor and he could have me laughing through the worst of times for him and I and Donald Dodd! Darren's sense of humor was contagious and his beloved dog was his pride and joy and he was all about his beloved family too! I will never forget how a couple we knew she would nag and throw temper tantrums and Darren would make this super funny turkey gobble whenever she was pitching a fit and we would laugh so hard that it hurt!! I miss him!! 😭

“ Darrin,

I can't believe you're actually gone. I guess I never truly thought there would ever be a forever goodbye. I thought the first goodbye was hard but the last, noone prepares us for how hard this is. Your purpose in life was to save the world even when the world offer you nothing you gave even more. You truly saved me from the chaos I was living in and the tornado I was spinning into. Thank you, Darrin for showing me the way. Even when you didn't have more you found a way to show me this world had so much more to offer. I will be forever grateful for that thank you Darrin.

“Darrin is gonna be missed. He was a very caring and thoughtful person. He cared more about others than himself. I first met Darrin through mutual friends. I lived next door to his best friend Kevin. I had just moved in, and I was doing some landscaping clean up between the fences. I had just met him, here he is helping me work on my yard. It's just the kind of person he was. He was happy to help out, and of course pizza and beers at Renshaw were motivating. Darrin went along on helping me launch my landscaping business. He was such a hard worker. He was very skilled in what he did. He was a huge help. We had a lot of laughs, and lots of talks driving house to house. I will forever be thankful for his dedication to helping me grow my business and being a friend.

The last couple years as his health began to decline, he wasn't able to help me anymore. Let me tell you, I really missed having him around. I really missed the laughs and the goofy things he did. Work wasn't much fun after that. I will have some great memories to remember him by, and I hope he continues to look out for me from above. I will miss ya buddy!! Rest Easy!!
