“ I love you ma! I am missing you more than ever. Its hurting more and more now that I don't have planning to do. I'll never forget the things you have taught me. I will pass the knowledge down to my children. It may get easier for some but it will never be easy for me! For so long it was just me and you. I just don't know how to say goodbye. I don't know how not to look at your phone number and not want to call. I don't know how to not call you and tell you how great your grandkids are. Its hard but I know I have to move forward. I will handle business just like you. I will get me a side hustle just like you and I will love my family just like you! Everyday I carry you in my heart. I promise to make you proud! I will for ever be known as Neicie's son! I love you ma!

“ Love my auntie Neicie. I will never forget I use to go over here everyday in the summers when i was to young to stay home by myself and Dave and Auntie would watch me and we'd be watching music videos in the background all the time. Core memory and experience that will stay with me forever. Sad i can't be there right now.

Love you auntie Neicie. - Jordan Taylor

“ So sorry to learn of the passing of Neicie. She was a kind and thoughtful person. I had the pleasure of meeting in high school. The goal of our life is to live with God forever. I believe Neicie achieved that goal. May the Peace of God comfort the Taylor and Broner family in your time of sorrow.

*God mother, Sometimes in life we become out of sight and out of mind, but the truth is some people never leave our hearts. As we grow and get busy living our lives, we forget to take the time to tell the people we love just how much they mean to us.*

*Even though we talked, laughed, and cried together, I still feel like I didn't say it enough... thank you. Thank you for being solid. Thank you for loving me. And thank you for the love your family always showed me in return.*

*I'm going to miss seeing you sitting in that front seat looking like a midget up there with those shining lips. 😂 Those little things will always stay with me.*

*You were in a different space in your life, and I'm grateful that you were able to find some peace through all the difficult situations you were facing.*

*KB, I heard so much about you. 🙏*

*And Dave... the apple of her eye. You couldn't do any wrong in her eyes, and honestly you still can't. She knew your heart was genuine, even if sometimes when you get in your feelings you turn into the Incredible Hulk.*

*Love you, bro. ❤️👊*
