“ *Lajuana, it is June of 2025 and I am so sad to learn of your departure and that we lost touch over the years. I was looking for the notice of a friend that I heard had passed on when I saw your name and thought, "Nooooo!" I will always remember you in your McDonald's uniform for your after school job at Miracle Mile in the evenings and especially prancing around on stage in 1975 at BHLS to "Who's that Lady" with a couple of Pop-Locking dancers in Afro wigs looking like it was The Soul Train Line ! I vividly remember coming to your home and meeting your Mom and conversations with your Dad. We were just kids and it doesn't seem that long ago.... I'm happy that you completed your goal and added D.D.S. to your name and I know your Dad was especially proud of you for that. Who's That Lady ? Well, I'll always remember you as LaJuana, the girl with that big, pretty smile.*

I'm so very saddened to hear of this!! Dr. Isaac was my first employer when I became a dental assistant over on Kirby in Detroit. We became friends. She taught me so much and how to be strong in the times of adversity. Rest up Lajuana.. 🙏🙏 as you told me at the interview 30 years ago " They broke the mold when God made me"! ❤️❤️❤️

“ *LaJuana's presence will be deeply missed in our family. We shared a simple, safe, and loving childhood, and she carried that free-spirited, fun-hearted nature into adulthood. As children, we looked forward to our visits to Michigan, which are unforgettable. I recall the family reunion in Southfield when she took us back to the airport on the closing day. We didn't have GPS, and with all the construction going on, she was our GPS and just made it happen, sharing her stories along the way. Always ready with advice, she expressed herself openly and brought joy to those around her. You left us too soon. Rest in peace, my Dear Sister Cousin.*

“ *Lajuana was a beautiful person and had a very warm heart. I will always appreciate what she did for my father before he passed away. I wish I could have done more for her to help her get her license back. She will truly be missed and, I hope there be another dentist just like her because she was truly an inspiration. Rest in peace Dr. Isaac...*

“ *LaJuana was my girl. I could count on her when times were tough and when times were good, we had a ball. We laughed and cried together. I recall when she first moved back to Michigan, she and Vee stopped in Dayton on her way back. Vee took her first steps here. Oh, what joy we shared that day. Family has always been important to her. She came to all of the family events. She wanted to have an old fashion back yard reunion here in Dayton. We finally planned to do it this year. She will be there in our hearts and minds. She had a heart of gold, and I will love and miss her forever!! Rest easy my sister. Until we meet on the other side.*

Love you, Regina Isaac Webster.

“ *I smile as I remember LaJuana and I running around at family gatherings. Once a relative was "feeling pretty good" and yelled hey, are you twins? We were twin cousins. I loved spending a week in the summer in Bloomfield Hills and was always excited when LaJuana would stay with me in Dayton. She was passionate about almost everything. But especially family and her work. I am sorry we will not be there with you in person. Love you, Sherre Isaac Collier*
