“ My grandmother. I never thought in a million years that I would be writing on something like this. You are my heart and I will truly miss you so much. The love that we have for each other will always and forever be in my heart. I thank god for blessings us with this time together. I'm going to miss our long talks and all the jokes we would tell each other. Jaden and Treshond loved you so much. I'm going to continue the love you showed them through the love that you have giving me. Give my daddy and uncle june bug a hug and kiss for me please. Your free now grandma!! “ My deepest sympathy for the Grayer Family. There are no words of comfort that I can offer to ease the pain of losing such a beautiful person. Caring, compassionate, loving and such a sense of humor. Ms. Becky was like a mom, a true friend, my partner in fun. She had such a big heart and so much love. She was so proud of Frank and June and would speak of how good her boys were to her.

I am still so sad with the thought of not hearing her voice trying to speak in a different language when she answered the phone. Or telling me to " be safe and run over anything that get in my way". I remember we would go into a store and she would tell people that I kidnapped her or was mistreating her and they would stare at me like they wanted to jump me and she would crack up laughing. Then she would say "It's all in love"

Over the past 30 years I couldn't have ask for a better friend. that was "My Baby." Becky has now been inducted into my "Special Ladies Club" in heaven. She will remain in my heart forever.
