My condolences to the Quinn family and I am sorry to be responding so late, but did not know. And I hope that the family can see this response. My family and I stay down the street from the Quinn family. We had great respect for Mr. Quinn, because there were not many people in our neighborhood who owned their own business but I remember thinking he is a businessman and a family man and he was one of the first business owners, we looked up to him and also Mr. Rodgers of Pontiac Michigan. We had good role models at an early age because of their example we knew that it was possible.
