“ Aunt Jones help me when as an adult I had a need to study algebra. She gave me needed information to begin my journey. She took me serious and did everything she could to help. Years later after having many classes I was able to help my son when he was struggling. He aced his final exam, partly through Aunt Jones helping me.

When I was very young living in Tennessee with my grandparents, Aunt Jones and my uncle James convinced me that I really shouldn't get a pig to raise for the 4 H Club. I didn't realize how gross they were. Lol

I missed these last few years of the weekly visits with Uncle James, Aunt Jones, that We spent having coffee and just talking. Aunt Jones reminded me of my Mama Addie (my grandmother) by her quiet, soft and caring personality. 🙏
