“ I meet Karen in the early 90's when we worked together as Hilo drivers for Leticia. I was so appreciative of you when you taught me how to drive because I couldn't stand being stuck as an operator. ❤️ I called you snoopy. Reason being the character snoopy was cool and calm but if you messed with him, he would give you a piece of his mind. This is heartbreaking. To all family and friends my condolences. You will be missed. Rest easy Karen
