“ *I didn't get to know Uncle Kenny very well, because we lived kind of far appart. I'm glad I got to see him at Uncle Nelson's funeral & give him a hug. I also got to speak to him on the phone once when I was visiting at Aunt Cleyda's. Then I spoke to him one more time on the phone before his care provider got rid of his phone & cut off contact with the rest of the family. I enjoyed getting to know him better anyway because I was too young to really know him when I was a child. I hope he & the rest of our loved ones that have crossed over are having good times together on the other side.*

*PeggyAnn, I just learned today about your father's passing back in November. I know that you don't want contact with the rest of our family. I just want you to know that I care about Uncle Ken & about you. I will continue to respect your wishes to not have contact with us.*

*I appreciate you care and kind feelings for my father, Kenneth and his sister, Aunt Cleyda as well. Kenneth's passing has brought us together again and that is a blessing.*
