“ Missing you already, my friend and colleague, YOU were the reason I call my peeps and mates at Design FAMILY. The way you'd say my name, you MEANT it, you were ALWAYS happy to see ME. As I was happy to see YOU. Those little things as we grind through our days, weeks, months and years together, those little things are the things that make our GM Design team a FAMILY. As with any family, you WILL be missed, but not forgotten. I will attach your warm, SMILING face to so many of the beautiful cars, those wonderful creations, that YOU helped me get to the right place, sometimes, at JUST the right time. Sometimes, JUST in time! That matte-blue, Grand Turismo C7 Corvette, and the Buick Le Sabre that you lined-up for our show last April, those vehicles <and soooo many others> will always have your name & face connected to them in my eyes, and in the eyes of so many other workmates of yours :) RIP my friend, for it is you that did Good Things beyond your intentions. For this, we miss you dearly.

With Love,  
Christos

“ We know there are no words to comfort you as you grieve the loss of Lavorice, but family and friends are there to help you shoulder this burden and give you strength and warm embraces. Just remember that the little things, like smiles, laughter, and all your memories, will be what will comfort you and your families at this difficult time. You are in our thoughts and prayers.

“ My prayers and thoughts are with the entire Lewis family. May the Lord comfort you and be with you at this time.

*I enjoyed working so many years with Lavorice at Design in shipping vehicles around the country and the world for Market Research events. He was a great co worker, and friend who always went the extra steps to make things go right. I will miss loading those vehicles out of Dock #10 on many late nights or weekends. We had so many wonderful conversations about so many things. You will be missed by all the clinic team members over the years who worked with you.*

*I personally grateful for his loving kindness when my wife passed away 18 months ago. He was there for me and supported me when I went thru the Valley of the Shadow.*

*I know I will be seeing Lavorice in the future - all of us in Heaven smiling, and we will share more conversation/laughs again!*

“ Just sending my love to his family. I recently lost my mother to cancer and things are different. I enjoyed the time spent with him here working at the Tech Center, and pray that you find much comfort in the memories you made together while he was here.

“ Thank you Bobby, for being such a compassionate, funny, and caring person. I didn't see you much, but when I did, I enjoyed every moment of it. I don't understand why God chose to take you from us now, but I will never question it. I only thank Him for sharing you with me. Family is irreplaceable, and I am so proud to call you cousin. Aunt Pearlean, Shonda, Tricey, and Antoine, I love you all. I am so thankful for the memories I have with all of you, and I thank God that He made Bobby and each of you apart of my life. He will truly be missed.

“ *I Love Bobby and we shared a special kind of friendship something that cannot be taken away over the years we have always been able to joke around with each other and call each others big head...ugly.. lol..just whatever came to mind and just laugh about it he was in all of my classes I swear we were in all college prep classes together and we helped each other get through these classes he was my rock when it came to biology and anything that has to do with Math cuz I was totally lost I am truly not able to register this... it hurts my heart and my soul. being so close to his twin Latrease and I know this pain is something unbearable to her and something that no one could ever explain but I want you all to know that I love you and I am praying for you I love you ALL. Lavorice rest in heaven my friend my sweet friend. :(:(*
