“ *Mama Marlo, I lost a mother in you. I remember you always said you had 3 children: Ian, Fallon, and myself. You meant the world to me. I knew you pretty much my whole life. Not a day goes by that I don't think about you. I love you mom. I hope I am making you proud. Rest in peace. Hope to see you again. Love your son TJ.*

“ *I have never had someone impact my life as my friend Marlo. We only knew each other a short time but it felt as if we had known one another for years. I enjoyed her humor, like for classical music and the camaradery we shared. I will truly miss you. Kelly*

“ *I want offer my deepest sympathy for your loss. I didn't know Marlo for very long, however, we became friends, talking about foods we like and the type of music as well as some of our favorite musicians. She was truly an angel. Easy to talk to. She will truly be missed. I often told her she reminds me of my sister. The same qualities and calmness. I will keep her in my heart and my prayers, as well as her husband, children and family.*

“ I only knew Marlo for a short time, but she made me feel like I knew her for years, she was easy to talk to and a joy to be around. I will miss her and her always telling me "it is what it is", she knew how to make me keep my perspective. I know she was called to a better place, and I know her absence will leave holes in many hearts, and my prayers, and blessings go out to her husband, children and extended family.

“ When I first started working at Blue Cross, Marlo greeted me with a warm smile and offered her assistance if I needed it. That warm smile and warm spirit continued at her time throughout Blue Cross. We recently completed a training class and she would always get scratch off tickets on lunch break and would win! She offered help to everyone in class. She often talked about her family, in particular her children and husband. She was a great nurse and was committed to doing quality nursing work. She was excellent at her job. She will truly be missed. May God Bless Marlo and God Bless your family.

“ Marlo was a nurse that enjoyed helping her clientâ??s as well as others. The one thing that I will always remember about her is the passion that she had for her family. Everything that she did revolved around them. It has indeed been my pleasure to have known her. To her husband and children my heart goes out to you.

Please remember that: GOD has given us prayer, with its wonderful power to lighten our hearts in this troublesome hour.

“ Please know that Marlo was a loved and respected co-worker who left joy throughout the pathway that she traveled. I only knew her a short time but felt like I found an old dear friend as soon as we met. Her wonderful sense of humor will allways be missed. She spoke often and fondly of her family and she left me feeling I knew each of you well. Please be good to eachother and know how much she loved you all. I feel very blessed to have known her for the brief time we shared. You are all in my prayers.

“ I will really miss you, you might not have known but you were my best friend and gave me the courage to follow that dream of ours. I wish I could have told you. But somehow I think you knew. Miss you.

“ Although I only met Marlo in April, we clicked the first week. During training we always sat together at lunch. We mostly talked about our children. I have a son who is close in age to Ian. We laughed and joked a lot! She had such a zest for life and a sense of humor just as quirky as my own. After training, we found ourselves in cubes next to one another and I told her that our area was going to become known as "Trouble Maker Corner". She laughed at that too! I keep her picture in my cube at work, and there is not a day that goes by without my thinking about her. She will be in my heart forever. I can very easily hear her say "Take time to miss me, but then go on. Get on with LIFE!" Her mother nailed it when she told me that she always felt that Marlo had "an old soul". I'm very glad I got to know her.
