RAINBOWS 🌈

BY JERRY WALKER

Where are RAINBOWS?

In each of us I think.

They wrap themselves around our souls

They channel Love and form a link.

Loves Move in each of us you know

And through the majestic arch it bends,

Channeled tenderly through our rainbow

It leaves its gifts but then it tends

To gain energy and flow on

To all humanity, this lovely light

So full of joy, love never gone

And in its brilliance is God in sight.

“ From the Rouser family. We send our deepest sympathy to the entire Walker family. Our family go back to the days of the old projects. When we used to support and care for each other. Those were the good days. Alot of our family's from the projects is gone on to be with the lord. However when we reach the other side. I hope we can all say that it is good to have that family reunion again. God Bless you all. Sincerely the Rouser family.
