“To the family and friends of Shakia, We were Shakia's hospital family for months. We grew to love her as our own family. Her personality was contagious and her fight inspirational. She always talked about how much she loved her children and grandchildren. So in her memory, take care of one another and know that she loved her family and friends passionately. We talked about many things and prayed together. I will remember her for many things but especially her down to earth personality and her will to live. May God give you all strength, comfort, and peace. Our thoughts and prayers are with you. Love Kiki and St. Joe's 4G Staff.
