“ *My Grandmother was one of the most kind hearted and caring people I ever met and without her I don't know where I would be today. She was more than just my grandmother she was my best friend and most of all my Mother as well she cared for me and nurtured me like I was her own since I was a little girl and taught me everything I know and for her I am forever great full although it is still hard to accept the fact that she is gone but I know she is not suffering any pain anymore she was truly a saint with a heart of gold and also could put a smile on anyone's face she was so funny and there are so many memories I shared with her that I will never forget I love you Granny May you Rest In Peacefully until we see each other again.*
