“ I met Sherri when she was preparing to go to Japan on behalf of the Pontiac School District. Since I had been to Kutsatsu in 1994, I was employed to assist in the training of Sherri's team. It took only one meeting for me to realize that this special human being was "right" for the journey. I knew she would represent herself, her country and the school district in the best possible manner and needless to say, she did just that. I met her again a few years later when she was preparing for the second journey to Asia. I was DELIGHTED that she would this time "carry the torch" for Pontiac. This very special person "made a difference" to all those she touched both here and half way across the world. God speed, Sherri. Sayonara(until we meet again).
