“ I just talked to Shirley, in spite of all the medical problems she was going through she did not complain, She asked me about my brother Sam in Georgia. She always looked out for my brother Frank. She often said they were like her little brothers. the last words we said to each other, she said she loved me and i told her i loved her too. Little did i know this would be my last conversation with my friend. Whenever the doctor told me something about my mom medical condition that I did not understand. Shirley would always break it down for me so I could understand it better. Shirley, Mom and I spent many night on our little outing having fun. We love you Shirley may you rest in peace Monique Washington Cato, her beautiful daughter did a fantastic job in taking care of her mother. i am requesting payers for her children, her sisters Pat and DeDe and her brother. Shirley has let a lot of hearts broken but he left us with her love. May the precious memories you shared with her sustain you doing these most difficult days, I am here for you
