“ *My prayers are with the Robinson Family and Gwen Williams. Please trust in Jesus. If you give him your pain and sorrow he will heal. Walter will remain in your hearts and minds forever, cherish the memories.*

Jesus will give you strength in your time of need just call on him. Psalm 46 v.1; God is our refuge and strength, a very present help in trouble.

“ *Walter has touched many lives over his years of involvement with Narcotics Anonymous (NA). His unwillingness to quit and persistency in achieving his Master of Social Work degree is just one of his many accomplishments. I am grateful to God that I was allowed to share in his life.*

“ *Dear Family and friends,
May God be with you during this time of need. Walter was a very good friend. He always told you what he thought. He was my mentor in the Mental health field. If you had a problem Walt always had a listening ear. He was a quiet towering man who made you feel safe in his presence. We will miss him. To his children take comfort in the Lord, cherish your memories, and know how much he loved you. Judy Thomas

“ I just want to say that I loved working with Walter and he will be missed so much. I was on vacation when I got a call and all I could do was cry. Walter and I became friends very quickly, he was such a likable man. I am so sorry that this has happened and I send my condolences to his family.

“ *May the peace which comes from the memories of love shared, comfort you now and in the days ahead, although no words can really help to ease the loss you bear, just know that you are very close in every thought and every prayer.*

As you comprehend this profound loss, let yourself cry knowing each tear is a note of love rising to the heavens.

“ *How blessed my life has been to have known and been able to call my friend such a wonderful man as Walter. Walter's kindness and generosity were always present in his interactions and with his calming presence, he had the innate ability to help you feel better about whatever it was you might have been going through. His great amount of wisdom and gentleness were attributes that cannot be compared and will truly be missed. To his family and close friends, hold fast to God and know that there are many who offer their sympathy and are praying for you.*

“ I extend my condolences to Walter's family and friends. I knew Walter when working at the Detroit Health Department. His work in substance abuse and HIV is well known and outstanding. His decision to return to school and pursue a Masters Degree in Social Work was inspiring. While others would be content to continue a comfortable path in life, Walter was a trail blazer and inspiration to his clients and peers. I cannot attend the service on Saturday due to a wedding. However, my thoughts and prayers go out to his family. I am so glad to have known Walter and walked with him in his journey of life.

“ *Walter was a special man. A gentle giant who inspired those around him.*

He pushed past all obstacles to achieve his goals. In his forties he returned to school and completed his Master's Degree in Social Work Degree from the University of Michigan. He drove to Ann Arbor for two years to achieve this great accomplishment.

He gave to countless others, particularly in the recovery community. We will never know how many he helped and how many he could have helped if he wasn't taken from us at such a young age. We will miss him. Thank you Walter, for all you have given.

“ *It was with great sadness I learned of Walter's passing. I remember Walter as a caring, gentle man. As a student I saw his soft, strong strength. I enjoyed watching him learn and take his learning experience both to his professional and personal life.*

I also looked forward to hearing about his educational and work successes after he left Oakland Community College.

We have lost a member of our OCC Mental Health/Social Work family. It was a privilege to be part of his life. I will miss him.

To Walter's family and Gwen you have lost a very good man. May the memory of your times with him and the knowledge of the respect he had from so many carry you through your grief.

“Walters departure has left a void in many of our lives too profound for words to describe. He will be missed by all who knew him and honored him as a friend and a voice of God in their lives.

The depth of revelation and wisdom that flowed from Walter truly a man of God imparted a foundation of The Kingdom of God in many throughout the Pontiac, Detroit, and Flint area. His departure, which from our perspective seems untimely, and was never-the-less an expression of divine will. We can take some comfort in that fact and look forward in hopeful anticipation of God's purposes being revealed in the midst of our bewilderment. Walter I will miss you your brother from another mother James E. McDonald.

“Walter Robinson was the driving force and first facilitator for the jemadari program - an innovative drug and HIV prevention program for drug dependent african-american men that was sponsored for many years by the Detroit Health Department. I was honored to work together to help develop the program with him and Ms. Odalys Martin during the long hot summers of 1993 and 1994. The program received national attention and federal funding, serving over 10,000 men since the program began. He became a role model for many people when he decided to return to school and earn a Master's of Social Work degree in interpersonal practice. He remains an inspiration.
