“ I am going to miss Aunt Willa! She was an amazing mother who brought the brilliance out of each of her children and grandchildren. Always putting others first. Just like a child of God would. Heaven has received the earth's best.

“ Willa, I miss our daily phone calls and that makes me feel your absence even more deeply. I know that you are in perfect peace with Our Lord. I take comfort knowing that you have always been precious to the Lord and me, too. Our sisterly discussions have ceased but my connection to you continues in spirit.

“ *I met Mother Gholston on my 94th Birthday celebration last year 2020. I fell in love with her beautiful smile and spirit. We prayed, read scripture and enjoyed music and song and shared testimony on our daily prayer line. I will never forget how her daughter Regina brought her all the way to Detroit to she me. May God Bless and comfort the family. “ To be absent from the body is to be present with the Lord” 2: Cor. 5:8. Until we meet again in a new body with Christ. Love, Mother Mosley*

“ I remember the first time I Mother Gholston, was after the birth of my second oldest granddaughter Chinyere. Mother Gholston said , “how is it that when you pick up Chinyere she open her eyes.” Another time when I would bring Chinyere home from a visit with us for the weekend, “now Chinyere is coming back doing something new”. My response was “she seeing some funny and new things.” We would laugh about that all the time. Grandma Gholston, you will truly be missed.

“ To the Loving Family of Willa,

My name is LaVerne and Willa and I shared many moments together in HFHS OR. We were a part of the same core. I circulated in the OR for Willa on numerous occasions for many years. Willa was such a joy to work with and I had a nickname for her because when she requested supplies for the OR she always said "I Need, I Need etc etc." I called her "I Need" because it always reminded me of the Stephanie Mills song. We laughed about it. Willa was so joyful to be around and I loved her dearly. Also, I remember an occasion when I was bringing her home and I had turned on my heated seats in my car. We smelled smoke from outside and Willa thought her seat was on fire. We laughed and laughed about that scenario. Willa adored her family and always shared pleasant thoughts of all of you. I know there will be a void in your hearts but, now she is resting in the Lords Heavenly Peace.

Those Angels are going to catch it from my friend "I Need. " (lol) Even though I didn't get a chance to see her much in the years after retirement she remained very special to me. I pray God with heal your aching hearts and all the precious moments she shared with you will bring solace.
