“ He was my favorite Uncle...he was the only uncle I grew up with. There were great and small things he did that impacted my life. He took my father, Jesse into his home when he moved from Michigan to Los Angeles. He and Aunt Vern signed the marriage license so my parents could get married. We lived next door to each other.He rented the otherside of his duplex to my parents which is where me and my brother, Gerald were born. He taught my mother how to drive. I remeber silly things like... they always had hostess twinkies at their house and he would take us to McDonalds on Saturdays to get a hamburger. He introduced the idea of me going to USC . And I did. I tried to get him to help pay tuition but he's wasn't having it. I'll always love him. Thanks Uncle William, see you on the other side. Rest well.

“ To the Stephens Family:

I was sorry to hear about the passing of your loved one. Death is liken to a thief that comes and takes away our love ones. Or due to old age and sickness we lose that precious quality of life that leads to death.

However, have you ever asked: Is death the end of it all? Or is there something else after death? The bible clears up any question we might have about death. It also shows that there is a real hope for persons who have faith.

*Yours truly,
Patricia.*
