“ *Sending my condolences to the family. I remeber my bro as being a peacemaker. He definitely knew how to make what's wrong right. He was very generous in everything he did. He was the "Original Gamer". Before there was a CoryxKenshin there was a WillieGeter. With a camera he definitely would've got a million views. Thank You bro for always having my sons back. Love You Much.*

“ *Willie always brought a smile to the people that were around him, when Will was down the world was down. I remember Willie being the heart of Jeepers, he kept the love going around. I use to love going to work just to see that smile. Its truly been an honor and a privilege to know and to work next to this man for as long as i have. To the family... i wish i could take your pain away. Willie will always be in my heart and his heart will always be within yours.*

I worked with Willie over at Paramed. I had many conversations with pop and cigarettes with Willie. He always had a smile and always a happy guy. He worked very hard and did a fantastic job of cleaning up our ambulances. He had a heart of gold. When we all found out about Willies passing everyone was obviously very sad to hear of his passing but everyone commented very similarly to the comments I have posted above. So many people commented and asked Bill Grubb to give our condolences which I'm sure he did but would be impossible to mention every single persons comments just please know everyone loved Willie and we are sorry about his passing. I know this is an old obituary but I just came across it today and felt I had to make a comment. Love and prayers from the whole Paramed family.
