“ *Sister Z! I just happened to learn of her transition, she was witty, funny, and sassy. We both attended Door of Faith, and I met her there. I really Enjoyed our conversations. Although, it's been a few years since I've last seen her, I thought of her often. Sister Z, I know that you're Rejoicing with Jesus. To the family of this Wonderful Lady, you all have my sincere condolences. ❤️*

“Deepest condolences to the family of Sis Z as I knew her. The memories of meeting this wise, witty, and no nonsense woman starts from when I met her at Door of Faith Christian Church in Pontiac, MI around the early 2000s. I and other sisters met her at that time she was another mother talking to you from her wisdom and experience, as we were all members at the church, but the fellowship continued outside the church walls, I and others all talked on the phone, had Sunday fellowship at dinner, etc we would talk about everything and learn, laugh, and listen. I remember myself and others we came to her house in Detroit on the Eastside, we visited her at West Manor Apts in Pontiac and I also visited when she was at her last apartment in Waterford, MI. Sis Z was always hospitable, had words of WISDOM, just told it like it was and was still feisty. She shared her life experiences and what she had gone through, she would tells us about California, how she came to Michigan, in her last few years as she had some health challenges we found out she was in her last place of care and I talked to her on the phone because she had remembered my phone to call me and I did visit Sis Z these few years and did, she remember my voice and who I was, we talked and she still was feisty keeping everyone around her on their toes. I last visited her early April 2024, we laughed, talked about the church and everything, and she was wanting to talk to another member who I hope she did a mother of the church formerly I got her number from her son who I still see from church. Sis Z was on my mind around this past Memorial Day and how she was when I saw the notification I was surprised but I know she is at peace because one thing for certain she told me in our visits Gods hands was all over her throughout whatever she had gone through and she was a child of the most high God so she was certain of her relationship with the Father. Sis Z will be most certainly missed, and her being with the Heavenly Father was certain. God's peace, love and strength to her family in the days to come. God Bless, Sophia D. Armster

*Z was was humorous and had wisdom. She was my coworker, fellow church member and friend. Though she was 15 years older she was the older sister/aunt/cousin I didn't have in Pontiac. I took her to see BB King one year for her birthday and she would always thank me for that and ask where we going next. When I moved back to Chicago she wanted to visit or for me to go to California with her. When I would visit Pontiac I would make surprise visits to her and take her Popeyes Chicken. She would be greatly missed.*

“ My sincere condolences to Zee's family and my cousins!! I have so many great memories of my life with Z. Especially, our many summers together between San Francisco or Los Angeles: hide and seek, hula hoop, playing cards, and dancing to every Motown record there was, and learning all the new dances. We laughed ALOT together!!! Even during her recent years, we still found ALOT to LAUGH about. My Sweet Dear Cousin "Z", I will miss you dearly.

“ When Zennette and I would talk which would be sometime 2 times a month or every other month she would ask me to send her See's Candies pecan roll and it had to be sliced. And I would say I don't think you should have all that sugar, and she would say just send me my candy and stop telling me what I don't need. I would just laugh. A month or so before her passing I sent her pecan roll it was late she complained about it taking so long for her to get it...I'm so glad she got it just in time..Love you Cousin ...you will be missed.....Beverly

I last saw Zinnette in person in 1960. I was 12 years-old. She visited with us in Douglassville, TX for about two weeks. I was hoping that we would meet again. But life happens. We did get to enjoy some good Telephone conversation in recent years. We are so happy that she reached out to us in recent years. May God bless you all and your family. Charles Henry Boyce Sr.
